

OPEN THE DOOR TO A CAREER IN HEALTHCARE

NURSING ASSISTANT

The nursing assistant training is designed to teach students the essential skills needed to provide basic care to patients in a hospital, long-term care facility, home health, assisted living, or rehabilitation facility.

What you will learn:

- Introduction to long-term care
- Personal care skills
- Basic nursing skills
- Simulated patient environment
- Nurse assistant clinical practice at a long-term care facility

This six- or nine-week course will prepare students to take the state exam for a certified nurse aide (CNA).

Night classes are available!

Note: All students must attend mandatory orientation before the first day of class.

For an updated GCTA course schedule, please visit our website at **GCTATraining.org**
